## Supplement workshop

**Wednesday 30 June 1:00 - 4:30 pm**

**Alexandra District Club, 35 Centennial Avenue**

What is your supplement really costing you? Are you getting the best value from your silage? Come along to a practical workshop designed to help farmers understand the fundamentals required to successfully produce and store high quality supplement, with Forage and Nutrition Consultant Trish Lewis. Topics include:

- Cost of good vs poor quality supplement.
- Making high quality supplement – the keys to success, including the use of additives.
- How to assess quality and quantity.
- Tips for successful storage of supplement to minimise wastage and retain quality.
- Practical demonstration using real examples.

Bring along a sample of your silage/baleage for the practical session \*\*

Afternoon tea provided.

Registration required and can be done via the B+LNZ website events page: [www.beeflambnz.com/events](http://www.beeflambnz.com/events)

\*\* Samples need to be sealed in airtight bags with all the air removed. Samples can be collected and frozen beforehand – just remember to thaw them before the event.

Talofa,

We have welcomed the Wallace family to Tarras this term, Minka and Evie have settled into school really well and have been a great addition to school.

Students excitedly participated in the Tarras Church centenary. Hearing the community join in with the songs students were singing brought goosebumps to everyone and astonished the students that everyone else knew the songs they had been practising. This term students joined a small group of community members to plant 200 daffodil bulbs at the church and students look forward to visiting this area again in spring.

We have started having whole school assemblies, during this time we share some work, sing together and present a student with a certificate to celebrate them demonstrating the Tarras School Values. Our first recipient was Alfie who was very brave to stand up in front of the whole school and super proud of himself, as he should be.

A massive thank you to all our local businesses who partake in the South Fuels "Fuel for Schools" programme, we have reached the \$1000 target again and have selected some digital technology resources this time round.

Geordie Hill Station Limited, R J Johnston Contracting, Lindis Peaks Farming Limited, Tarras Farm Limited Partnership, Molyneux Farm Ltd, Tarras Downs Ltd, Duncan Earthworks Ltd, Clutha Plains Trust, G R Goodger & Co, Nine Mile Pastoral Limited, Duncan Earthworks Ltd, Cheeki Cherries, M & J McCaughan, Kotiti Ltd and Malvern Downs Ltd. If you are a Southfuels user ensure you are donating to Tarras School - check in with your local rep to check.

It is wonderful to see 4 children visiting school each Wednesday as part of our pre school visit programme. If you have a 4 year old at home bring them along on a Wednesday morning between 9.30am and 11am so they can meet their potential classmates.

Playgroup joined Tarras School for Simultaneous Storytime on Wednesday 19th March. The story I Need Space was shared from space! All children enjoyed creating lots of space related crafts including rocketships, aliens and planet scenes. Year 3 - 6 thought and wrote about how astronauts would manage life in space.

Students have begun their ice skating sessions. During their time in Alexandra they experience curling and ice skating and build upon their previously learnt skills. This is the first of our winter sports programme activities with skiing beginning in August (term 3).

Tarras School have accessed the "Sheep's Back" knitting set and have lots of needles and wool sitting in a box. We have one community member already keen to teach the students the skills of knitting, anyone else who would like to support this wonderful initiative please be in touch. It's a great time of year to be learning to keep little fingers busy in front of the fire.
