Following is from Bill Gibson, 93 yrs old of Wanaka

Tarras was named by J.T. Thomson when he came through this area in 1857. Thomson was the first Chief Surveyor for Otago and was responsible for many of our present day place names eg. The rivers (Lindis), creeks (Cluden, Timburn and Tarras) and mountains (Dunstan and Pisa). The creek that he names Tarras in those times started on the South side of Lindis Peaks, flowered down through Malvern Downs then on in front of the present Tarras Store, meandering down through Maryland and Tomic, through Davidson's then into the Lindis River. The creek reminded Thomson of Tarras Waters after a moorland near Langholm in Dumfriesshire, Scotland. I have visited Tarras Waters and while there is no village centre as such the country is very similar to what we have here.

As term 3 draws to a close we look back on what has been an unusual term - a mid term break isn't normal but it was a great opportunity for our students to refresh and come back for the remainder of Term 3. Skiing continued and we saw some beautiful sunny days up at Cardrona. Our new 5 year old students have settled in well, although a bit later than planned. Our Year 0 / 1 class now has 8 students exploring their learning space each day. Year 3 - 6 have made some incredible progress with their sewing skills, each child has learnt how to sew a basic line with the sewing machine. The students would like to thank Emma at Waste Free Celebrations who has donated stacks of fabric for the students to get creative with.

We have farewelled Pete from his caretaker role at the end of term 3. Everyone at school would like to say a big thankyou to Pete for all his hard work over the past 4 years. Pete has worked hard behind the scenes to ensure that our swimming pool is up to scratch every year for use, working many hours to fix leaks and ensure chemical balances are correct. Pete takes great pride in how the grounds look and has spent many hours pruning, planting, weeding and lawnmowing. Pete accompanied students on camp to Wellington and Auckland and created wonderful memories of laughter, jokes and new games. We all wish Pete a happy retirement and look forward to him popping in to catch up with us all over a slice of Viv's delicious station loaf, which we hope he will bring.

Students are hoping to hold a seedling sale during Term 4 - this will have to wait in the sidelines until we are down at Level 1 due to the number of people buying seeds. If you have a seedling you would like to purchase, but not have to grow, be in touch and students can ensure they grow those first.

Tarras School is a full primary school which means it can accommodate students in years 1 - 8. If you have a child turning 5 in the next year, be in touch to organise them visiting school and learn how you can be part of our amazing school community. We welcome anyone with children at any stage of their Year 0 - 8 schooling who want to see what Tarras can offer - be in touch: principal@tarras.school.nz.
