Tarras Hall and Recreation committee

The next Tarras Hall and Recreation Committee Meeting will be on Tuesday 19th September 2023 at 7pm at the Tarras Hall Supper Room. Anyone welcome to come along.

The Central Otago District Council and Queenstown Lakes District Council have teamed up with Inspiring Communities to bring a workshop to Cromwell on Friday 25th of August.

We are hosting Sylvia Cheuy, an international expert on community-led development from the Tamarack Institute in Canada. The theme of the hui is collaboration for stronger communities.

You can find out more about Inspiring Communities here: [Inspiring Communities | Supporting Community-Led Development](https://www.inspiringcommunities.org.nz/)

There are limited spaces, tickets are only \$25 so please register if this is of interest.

TARRAS RURAL WOMEN NEWS

Cancer Society Daffodil Day Friday 25th August. 2023

Daffodils are chosen as a sign of hope for the spring days that follow

Tarras Rural Women and our community will be continuing to support those needing help in the Otago/Southland region by having our traditional sales table including wonderful baking, local produce, crafts, bunches of daffodils, other plants, and treats from our clever Tarras School pupils on the 25th of August. The sales table will be in The Tarras Village alongside The General Store from 10 a.m until 2p.m. All items will be cash only.

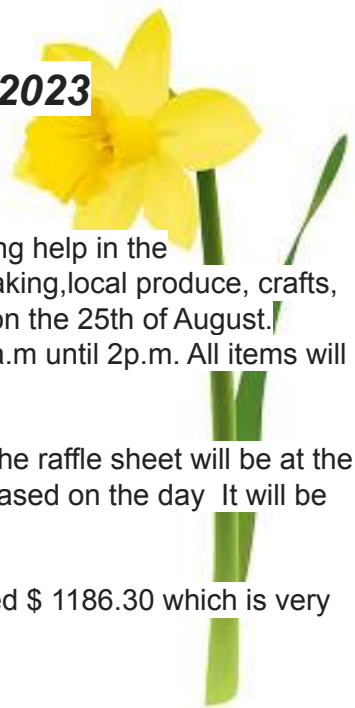

The annual Daffodil Day raffle is this year a kitchen/grocery box full of surprises. The raffle sheet will be at the TARRAS CAFE from August 1st at a cost of \$5 per number. and also can be purchased on the day It will be drawn the afternoon of the 25th. Cash only please.

Come along into the village and catch up with us all. Last year the community raised \$ 1186.30 which is very much appreciated.

2-4 hours per day, times to suit.

Please phone: Margot 0274452166

TARRAS CAKES

Please phone 0276668030
For all your baking needs

Recycling container

The recycle container contract is now with EnviroWaste. The set up has changed inside and the cardboard bin overflows a lot quicker now. If you find you can not put your recycling in because it seems full, go to the CODC website and find "problems, requests and submissions" and you can log a problem through a form. This goes directly to the council. If you have a large quantity of recycling you can open the end door of the container and place in the bins that way.

TARRAS GUIDE

The Tarras Guide is available at the Merino Shop.

The announcement of the new principal was shared on Friday with staff and parents. The board of trustees have worked very hard over the past couple of months to secure the next principal. They are pleased to announce the appointment of Alice Casey as the new Teaching Principal.

Alice is coming to Tarras School from Rimu Full Primary School. She is excited to join the community and get to know everyone. Alice is big on all things fun, engaging and purposeful in the classroom that connect to the outdoors and help to further develop life long skills.

Alice will be joining the school at the beginning of Term 4 2023 and the school will have a lot of exciting times to look forward to.

The start of Term 3 has been busy with our topic this term being "Making our Mark". This has a sustainability focus and students will be exploring how they can leave a positive impact upon the area they live in. If you have any sustainability related practices you would be keen to share with the students they would love to hear from you.

Students attended a theatre show at Te Kura o Takakarara last week and enjoyed exploring the school playground over there. Next week students will travel to Poolburn to compete in the small schools cross country. A big thank you to all our community members who support these events by providing transport to the venues.

The school tunnel house is up! Paul has worked extremely hard to ensure the tunnel house has been built to last a long time, the ground works took some time but it is looking ready to now progress the next stages of installing potting benches, water tanks and developing the seed to plant process. Funds raised through the Tarras School Produce Stall have supported the laying of good foundations and some of Paul's work hours. Remaining funds will support the remaining set up too.

Through the MOE's remote school's initiative, the school will be upgraded with new RCD plugs throughout and acoustic panels will be placed on the classroom ceilings. New insulation will be installed in the roof space once the new roofing gets put on. You will see 2 containers on site during these works.

Stay warm - pine cones for sale \$5 a bag on the produce stand.
