TARRAS COMMUNITY TRUST

WHO ARE WE, WHAT DO WE DO?

The purpose of the Trust is any charitable purpose which benefits all or any part of the Tarras Community. This includes facilitating access to funding for groups, helping in the provision and maintenance of community facilities and assisting and promoting initiatives for the social, amenity, health and recreational benefit of the Tarras community.

Previous projects include promoting and assisting the Tarras Water Company, initial funding for the Tarras School history book, funding video histories of the area, providing a defibrillator, establishing the Tarras web site, among others.

WE HAVE FUNDS, HOW DO YOU WANT TO USE THEM?

The Trust has received several bequests and would like to make part of these funds available for community use. Thank you to those families concerned.

We invite individuals and groups to provide suggestions for using these funds e.g. assistance for recreational and sporting groups, refurbishment of facilities, support for cultural and educational events, promotion of the Tarras region etc.

Email your suggestions to Shaun: info@tarras.org.nz

To be more effective in supporting the community a larger fund is required so you might like to consider a donation or bequest as a source of assistance.

Looking for a reliable mature minder for two boys aged 3 and almost 2. Two mornings a week from 6.30am to 8.00am. Phone Rebecca on 0275109989.

Tarras School students have started Term 3 after what are reported to be excellent holidays. The students have come back and adjusted to new changes really well. The students have had a busy first week with Marty coming in on Thursday to provide fire safety training where we all got to dress up and practise fireman lifts and drags. On Friday we had our first of 6 mountain days, this means the students get two 2 hour lessons at Treble Cone. There were lots of tired children returning home on Friday, what a beauty of a day we had.

We have welcomed two new students, Sophie and Angus to school this week. They have both settled in to Tarras School really well and seem to have made lots of new friends. This brings our current role up to 15.

I, Rachele, have started my role as Principal at the school and have had a great first week. Originally from England where I trained as a Primary School teacher I moved to New Zealand 8 years ago. After living in Auckland for 7 and a half years it was time for a move. Andrew, my partner, and I decided upon Tarras as our next adventure and moved down here late last December. In Auckland I was working as an Assistant Principal at a school for children who required learning support so am excited to be back in the classroom whilst also having some more responsibilities. I started the year at Goldfields in Cromwell and enjoyed meeting all the students and staff through my role of classroom release teacher. I am excited about seeing where we can take Tarras School in the coming years.

Next week we welcome our new caretaker, Pete. Pete is a local man who comes to us with many talents so we are looking forward to getting to know him and using him to help us learn too.

Stay warm
